## CD / DVD DISC

Design template  
Full colour inkjet or thermal print  
Standard coverage.  
Duplication (for orders under 500)

## Notes for standard coverage duplicated CD / DVD disc

Please allow 3mm bleed for inkjet print - create 120mm x 120mm artwork.

For thermal print - no bleed required

Please supply all artwork files (tiff, jpeg, pdf etc) at 300 dpi.

All text must be 3mm away from the edge of the disc.

Remove all guides before sending to Duplication Station and take out centre hole. We will replace before print.

Please do not use this template to 'trace' in your chosen art package.

Instead, set out artwork in your preferred software using the dimensions given as a guide.
