VINYL-LOOK CD DISC

Design template.
Full colour on printable area
Duplication (for orders under 500)

Notes for vinyl style CD disc

No bleed required

For inkjet print only. Please supply all artwork files (tiff, jpeg, pdf etc) at 300 dpi.

All text must be 3mm away from the edge of the disc.

Remove all guides before sending to Duplication Station and take out centre hole. We will replace before print.

Please do not use this template to 'trace' in your chosen art package.

Instead, set out artwork in your preferred software using the dimensions given as a guide.

*35mm black ring is 2mm thick. Please bear this in mind when creating your designs.
